

3D Computer graphics designer / Computer Science Engineer

Work experience in 3D modeling and software engineering

Name: Pérez Rodríguez, Begoña

E-mail: begona.perez.rodriguez@gmail.com

Place and date of birth: Madrid, 11 décembre 1985

Mobile: (+33) 6 50 59 91 13

Current location: Antibes, France

Linkedin: <https://fr.linkedin.com/in/begonaperez>

Nationality: Spanish

Portfolio: <http://begogna.github.io/>

Education

3D Computer Graphics design - ARIES school, Lyon - 2015

Master of Science in Computer Science Engineering - Universidad Autónoma de Madrid - 2010

Technical skills

Computer graphics	Photoshop, Illustrator, 3dsMax, V-Ray, Z-Brush, After Effects, SketchUp, Meshmixer, Marvelous Designer, KeyShot, V-Ray
Programming languages	C/C++, notions of C# and Java, Lisp, Assembleur, VHDL. Databases (SQL)
Web development	HTML, PHP, XML, notions de Javascript et CSS
Operative Systems	Linux, Windows
Versioning/Integration	Git, CVS, Mercurial, Jenkins
Miscellaneous	EDIFACT norm, Agile/Scrum methodology

Langues

Spanish: native

English: fluent

French: fluent

Italian: intermediate

10/2015-
present

Freelance 3D Computer Graphics - Antibes, France

3D modeling especially for 3D printing for clients from sketches or pictures. Help the clients in the design.

Designing customized jewelry to be 3D printed and casted in metal.

Environment : SketchUp, 3DsMax, ZBrush, Meshmixer, Marvelous Designer, KeyShot, V-Ray, Photoshop, Illustrator

09/2015

Internship 3D Computer Graphics - Tridymaker - Antibes, France

Modeling and texturing of 3D objects for 3D printing. Processing and fixing 3D scanned objects (from a 3D scanner) to make them printable.

Environment : 3dsMax, ZBrush, Meshmixer, Scanner Artec EVA, Artec Studio

06/2010-
08/2014

Software development engineer- AMADEUS IT GROUP - Nice, France

Backend C++ development at the pricing department for the travel industry.

Environment : Unix, C++, STL, Boost, Eclipse, Mercurial, Shell Scripting, Vim, Continuous integration (Jenkins), Valgrind, Cppcheck, XML, EDIFACT, SQL, SharePoint, TPF, Open Backend

11/2009-
05/2010

Internship Software development engineer - EUROPCAR - Madrid, Spain

Assisting employees of the Information Systems department in their tasks. IT support service for the company's employees in real time.

11/2008-
07/2009

Internship Software development engineer - SERMEPA - Madrid, Spain

Software development and graphical interfaces creation for communication between the computer and Smart Cards.

Environment : Microsoft Visual C, Javacard, JCOP, Eclipse SDK, VBA, Microsoft Excel

06/2008-
08/2008

Internship Software development engineer - EADS ASTRIUM SATELLITES - Toulouse, France

Evaluation and prototyping different solutions to improve the performance of a satellite embedded processor emulator (SPARC V8)

Environment : Linux, C, Assembler, JIT

01/2006-
06/2006

Internship Software development engineer - CRL UAM-IBM - Madrid, Spain

Development of an application for a client-server database based in .NET technologies for free platforms. Using Glade, Mono and C#.

Environment : Linux, .Net, Glade and GUI for GTK, Mono, C #

Sports and hobbies

Hobbies: sewing, knitting, handcraft...

Sports: aerial acrobatics, mountain bike, football, climbing, hiking... Latin dances.

Judo instructor for children (2010). Judo black belt 2nd DAN (2006).

Abroad experiences

Volunteer at a workcamp in Morocco (2009).

Erasmus at 'INSA Toulouse (2007-2008).

Summer exchanges in Ireland (2002), USA (2003), France (2000, 2001).
